Note: This is in my own universe where Spike turned Willow into a vampire, he didn't have a chip in his head when he went to attack Buffy and changed Willow instead of killing Buff. LOL.

For Harle, you wanted Willow and Spike. LOL. This is what came out.

Willow licked the salty tear running down her preys cheek. "Poor little kitten all scared." She whispered in the fake-red heads ear. She whimpered, Willow could smell the fear radiating off of her and she loved every second of it. Her fear trembled as she ran her cool tongue over her neck, slipping it in and out of every crevice cleaning the skin of anything that might be on it.

Willow slowly let herself slip into her demonic form, roughly she snapped the girls head to the side, not hard enough to snap her neck but hard enough to make her whimper in pain. Gently leaning down Willow grazed her neck with her razor sharp teeth, biting down just enough to cause some discomfort but not break the skin.

"Wanna live forever?" The girl let out a cry of pain as Willow's short nails dug into her forearms.

"N-n-no." The girl stuttered and Willow smiled.

"Probably best, you would have gotten annoying." She slammed her fangs into the girls throat and she screamed in pain as her blood was violently sucked from her body. She let the corpse drop to the ground after she'd sucked it dry. She smiled at Spike who had been watching the whole scene. "She was boring."

Spike nodded and moved forward grabbing her and yanking her to him. Pulling her into a harsh kiss.

"Looks like you took care of that."

The blond girls shocked unseeing eyes stared blankly up at the couple.
